COIS NEWS

JULY 2017

Dear Parents,

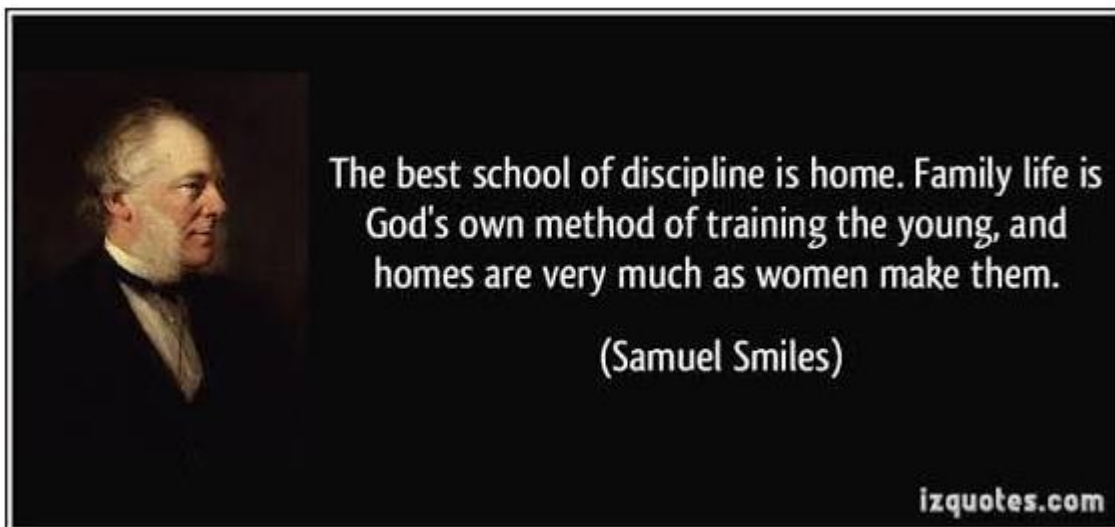

Trust all is well at your end. The new session has got off to a smooth start. We are already cruising in the new Academic Year and striving hard to shape each child into a balanced person.

New Pre School

A new Pre School has started on the COIS Campus. It comprises a Play School, Nursery, Junior Kindergarten and Senior Kindergarten. The School is running smoothly.

The COIS Campus now provides a complete solution to all Educational needs, to include :

- Pre School.
- High School.
- IB Curriculum.
- Emphasis on Academics.
- Development in Sports.
- **Holistic Education.**
- Personality Development.
- Safe Environment.
- Nutritious food.
- A very Positive Environment.

How to Help Teenagers Behave Well

Parents and teachers can do a lot to help children behave well. Some guidelines are as follows :

1. Set clear rules regarding behaviour and discipline. Make your expectations clear.
2. Be specific about the behaviour you want your child to change.
3. Lay down what is improper communication.
4. **Have a Culture of Respect in the home.** Speak to everyone in the home in a respectful manner.
5. Build a warm and loving Family environment.
6. Be a good role model for your daughter and son.
7. Set clear boundaries. Explain to your child that the boundaries are for her / his safety and well being.
8. Realize that parenting is not a popularity contest. You must be in control and you need to set certain limits. Your child is not your peer.
9. If your child is talking back to you, it means you have not set firm limits.
10. Be firm and consistent while dealing with your child. Your firmness will help him mature into a well groomed person.

Grooming and guiding our children is a continuous process, which must be given the importance it deserves. I request parents to give their precious time - both in terms of quality and quantity - to their daughter and son - as we in School and parents at home walk forward together, hand in hand, to make each COIS child a Very Well Groomed Child !

Thank you.

With best wishes,

Dr Colonel Atul Bhandari
